San Antonio, Texas – July 20, 2016 --- Classics Elite Soccer Academy and The Sport Source® are partnering to help parents navigate the college maze and prepare kids for college.

“Across America nearly 1 million kids in grades 9-12 are playing soccer, dreaming about becoming the next great player at the professional level. Yet, few clubs talk about the reality of making the cut or, that ½ of 1 percent will ever play professionally. We want to prepare kids for life after the game and that includes being academically and athletically ready for college. Most kids don’t realize after their playing days have come and gone due to old age, injury or retirement, their education will last a lifetime”, said Marco Barros – President Classics Elite Soccer Academy

Access to opportunity starts with education and with less than 20% of all youth soccer clubs providing families any meaningful guidance or support, parents are often left to “figure it out” or worse be lured into spending hundreds of dollars on recruiting service or ID camps with negligible results.

“We are excited to partner with The Sport Source® they are simply the best when it comes to college guidance and recruiting. Our parents have access to a team of College Advisors, a custom Members Only College Center and best of all, its FREE”, said Brian Monaghan – General Manager – Classics Elite Academy.

The Members Only College Center powered by The Sport Source® includes a custom searchable database with immediate access to 5800 Universities offering hundreds of degrees, over 5000 collegiate soccer coaches covering NCAA – NAIA – USCAA – NCCAA and NJCAA programs. With age/grade specific timelines, practice PSAT – SAT – ACT test, Core Course and Athletic Eligibility Calculators, a Video library with advice from current and former college coaches, and so much more.

“While clubs are charging parents thousands of dollars for their child to play, Classics Elite is one of the few helping parents make an educated decision on what’s best for their child and family and give ability to connect to the right college academically and athletically – anywhere – anytime”, said Charlie Kadupski – Founder and CEO of The Sport Source®.
