MAKING COLLEGE READINESS A PRIORITY

Current student-to-counselor ratios are exceeding 491:1 nationally. When it comes to college guidance, most families are left to “figure it out”. With this in mind, the Gulf Coast Texans are excited to introduce a Members Only College Success Center!

“Families are being lured into spending thousands of dollars by recruiting services promising a chance to play for a top Division I college, and the results are negligible. From numerous interactions (professionally and personally) with college coaches, we can sincerely tell you college coaches are not searching websites looking for players, hoping to find a talented/qualified prospect”, said Mark Carr – President of Gulf Coast Texans Soccer Club.

The Gulf Coast Texans Soccer Club has teamed up with The Sport Source®, the leader in college readiness, to create a Members Only College Center to ensure all kids who can make it in college, *make* it to college.

Players and Parents have unlimited access to 5800 Universities, offering hundreds of degrees and, over 5000 collegiate soccer coaches live online covering NCAA – NAIA – USCAA – NCCAA and NJCAA collegiate soccer.

The College Center includes age/grade specific timelines, FREE practice PSAT – SAT – ACT tests, FREE Mentor Support, FREE Core Course and Athletic Eligibility Calculators, a Video library filled with personal advice from current and former college coaches, to admissions and campus visit and so much more.

“Our goal is to help our families create a personal action plan academically and athletically – and the College Center gives them the power to instantly link, share and connect with compatible colleges anywhere – anytime” added Mark.

“Preparing for college requires serious consideration and, it requires players and parents to be proactive in the process. We are excited to work with Mark and his team to help parents remove the guesswork and make an educated decision on what’s best for their child and family”, said Charlie Kadupski – Founder and CEO of The Sport Source®.
